INTRODUCTION

As a third-party inspection and testing company established in the UAE, we Admiral Safety Consultants aim at providing our clients a safety and accident-free working environment in which they are to work confidently with backup and support our systems, procedures and standards.

We assure your clients our full support and technical advice, facilitating and assisting them in running their business smoothly until the next inspection is due.

With a team of experts, Admiral is an independent approved inspection body from Emirates International Accreditation Centre – EIAC which meeting the requirements of ISO 17020, ISO 9001 and ISO 14001 to inspect and certify a Wide Range of Services like

- **Lifting Equipment's**
- **Lifting Accessories**
- **Pressure Vessels**
- **Thermal Imaging**
- **Non-Destructive Testing**

To fulfill your safety requirements and provide a comprehensive range of trainings to your employees and operators with the most organized and up-to date Safety Courses.

THIRD PARTY INSEPCTION & TRAINING SERVICES

We offer professional, independent inspection of all types of Lifting Equipment and Accessories, Construction equipment and earth moving equipment. We also provide all types of Training related to Operation and Safety.

- Lifting Equipment (Elevators, Escalators and window cradle)
- Lifting Accessories
- Non-Destructive Testing (NDT)
- Certification of Boilers, Pressure Vessels and Storage Tanks
- Certification of Air Compressor and Air Receiver
- Certification of Lighting Protection System
- Thermal Imaging
- Safety Training

LIFTING EQUIPEMT

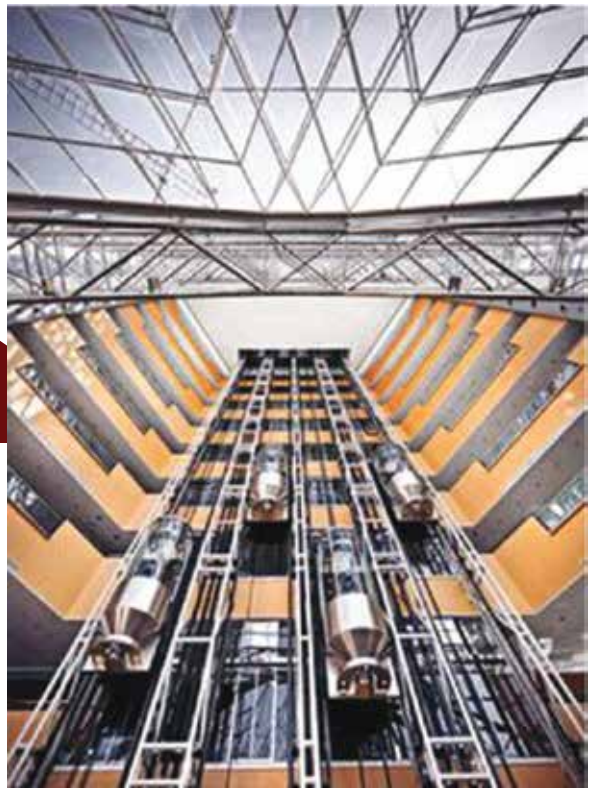

Lifting Equipment Accredited from SAUDI STANDARDS, METROLOGY AND QUALITY ORGANIZATION- SASO & EMIRATES INTERNATIONAL ACCREDIATION CENTRE- EIAC as per ISO 17020.

We offer SASO Accredited Inspection Services for the Following Scopes of Lifting Equipment's

1. Elevators
2. Escalators

We offer EIAC Accredited Inspection Services for the Following Scopes of Lifting Equipment's

1. Elevators
2. Escalators
3. Window Cradles
4. Cranes
5. Forklift
6. Chain Block/Hoist

LIFTING ACCESSOREIS

Lifting Accessories Accredited from EMIRATES INTERNATIONAL ACCREDIATION CENTRE-EIAC as per ISO 17020.

We offer EIAC Accredited Inspection Services for the Following Scopes of Lifting Accessories

1. SHACKLES
2. WEBBING SLINGS
3. CHAIN SLINGS
4. EYEBOLTS
5. HOOKS
6. WIRE ROPE SLINGS

BOILERS AND PRESSURE VESSLES

Boilers and pressure vessels that are used in the Hotels, Workshops, Construction sites and Commercial Building Pose a potential Hazards from Operation of these Equipment's. The Owners and the users of Boilers and pressure vessels shall ensure safe operations of plant and Equipment for the protection of workmen from Potential Work Accidents. The Best way to Safeguard your workers and property against the risks of such a disaster is to maintain a regular Inspection Schedule.

NON-DESTRUCTIVE TESTING (NDT)

Non-Destructive Testing (NDT) is the process of Inspection, Testing or evaluating Materials, Components or Assemblies for welding Discontinuities, Cracks or Differences in Characteristics without Destroying Serviceability of the Party or System.

We Offer Range of NDT testing:

Visual Inspection

Liquid Penetrant Testing

Magnetic Particle Testing

Ultra-Sonic Testing

LIGHTING PROTECTION SYSTEM

Lighting causes major Problems for Companies including damaging building, Critical Equipment Failure, overload, Short Circuit, fire and Even Killing People. Lightning Protection system should be visually Inspected and annually tested for regular intervals in accordance with Applicable Standards.

PORTABLE APPLIANCE TESTING

Portable Appliance Testing (PAT) is the term uses to describe examination of Electrical Appliances and equipment to ensure they are safe to use. Most Electrical Safety Defects can be found by visual Examination but some types of Defects can only be found while conducting PAT Testing.

THERMAL IMAGING SERVICES

Infrared Thermography is a Technique for producing a visible Image of Invisible (to our eyes) infrared radiation emitted by objects due to their Thermal Conditions. It is widely used for Inspection, Testing and preventive maintenance on electrical or mechanical.

Using this technique, we will be able to detect hot or cold areas to determine absolute temperature, view thermal Profiles and detect temperature loss.

TEST EQUIPMENT

Thermographic Cameras usually detect radiation in the long infrared range of the electromagnetic spectrum and produce images of that radiation.
It is designed to provide both an analogy display of relative heat levels and simultaneous digital temperature readout and diagnostic equal.

SAFETY TRAINING COURSES

Admiral Safety Consultants is training and consulting company, we are specialized in training and conducting refresher sessions on a wide range of topics including operational, Safety, health and environment for insurance purposes and to comply with management of Health a Safety at work regulations. We provide Specialized training and practical with Assessment for Personal Handling and Operating Different Equipment's and Machinery in Different industries and Construction Fields.

TRAINING AND ASSESSMENT

Courses

- Basic Fire Fighting
- Basic First Aid
- Working at Height
- General Safety training
- Hand tools Safety
- Rigger
- Welding and Cutting Operations
- Electrical Safety Training
- Confined Space
- Work Permits & Risk Assessment
- Excavation Safety
- Defensive Driving
- Safe Procedure for Use Lifting Gears
- Preparation of HSE pan / HSE manual
- Safety Officer / Supervisor Courses
- Occupational Noise Exposure
- Job Hazard Analysis
- Hazardous / Toxic Material Handling
- Occupational Health & Safety
- Manual Handling & Material Handling
- Site Accident Reporting & Investigation
- Safe operations of Air Compressor / Boiler

TRAINING

- Lifting Supervisor
- Power Tool Operators
- Fire Watcher
- Flagman
- Scaffolding
- Operations for MEWP
- Window Cradle Operator
- Forklift Operator
- Excavator Operator
- Skid Steer Loader Operator
- Backhoe Loader Operator
- Drill Rig Operator
- Tower Crane Operator
- Mobile Crane Operator
- Telehandler Operator
- Jackhammer Operator
- Welding Operator
- Scaffolding Supervisor
- Fire Warden
- Wheel Loader Operator
- Concrete Pump Operator
- Boom Loader Operator
